

Concho Lujo - AREC 1041

A villa in the Oria area

Property Attributes

Villa • Detached • Under Construction

Land area - 1,000 m² • Floor area - 280 m²

Water ✓ Electricity ✓ Telephone ✗

Description

A fantastic opportunity for all the 'builders' out there! Approximately 280m (almost 3000sqft) of property under construction sitting on a plot of 1000m.

The building, so far, has been undertaken by qualified structural tradesmen under architects supervision. The main body comprises two storeys, ground floor 130m, staircase, first floor 90m(internal) and solarium 40m. Subterranean garage(or self contained apartment of 60m. The structure has been built using steel reinforced concrete pillars and 250mm insulating ceramic blocks. The entire property remains open plan, although the waste water pipework is installed.

Realistically, 60-80,000 Euros is required to finish the project.

Alternatively, the property could be completed to your requirements by our tradesmen. Prices available on application.

95,000 Euros
